makes it easy to transform material to compatible formats. It works smoothly and does not place any system strain on the processor. You can add and remove extensions at import, and change the settings at export. When it comes to cost, the author offers it at \$59.00. What Is it?

Multimedia Converter is a software utility whose purpose is to help individuals transform their movies and songs, from one format to another by using presets or by customizing all settings. Tabbed interface You are required to go through a fast and uneventful installation process, and once you finalize it, you come face to face with a clear-cut and simple-to-handle UI. It only includes a few buttons and several tabs, which let you quickly browse through all available options. It becomes quite clear it can be used with great ease by anybody, from beginners to highly experienced people.

File types supported at import This software utility supports, at import, extensions such as FLV, MPG, AVI, MOV, WAV and MP3, which can only be uploaded with the help of a built-in file browser, as the “drag and drop” function is not incorporated. Moreover, batch processing is not integrated.

Preset and extensions you can use at export It is possible to transform items to formats suitable to iPod, iPhone, Sony PSP and Zune, and other similar devices, as well as to formats such as AVI, MPG, WMV, RM, MOV, FLV, 3GP, WAV, MP3, MID, OGG and M3U. Aside from that, you can also change the aspect ratio, resolution, number of frames per second, bit rate, sample rate and audio channel.

The conversion process does not put a strain on the system’s performance, as it does not require many resources. This also means you can run this app along with others, without facing any kind of difficulties.

Conclusion All in all, Multimedia Converter is a handy piece of software, and a pretty good choice for people interested in converting videos and audio tracks. The response time is good, the interface is accessible and our tests did not detect errors or freezes. However, it lacks a few options that other similar products present.
